

# W968, W969 COLLAGE MOUNTING BOARDS

# ACCESSORY MODULES

W968

W969

The W968 and W969 collage mounting boards will accommodate 14 and/or 16 pin dual-in line IC's with or without 16 pin wire wrap sockets and/or solder sockets. The W968 is a double-sided, quad-height, extended length board and can accommodate up to 72 IC's.

The W969 is the double-height version of the W968 and can accommodate up to 36 IC's. Among the unique uses of the collage boards are that they facilitate construction of prototypes and production of limited runs.
